

CORPORATE MEMBERSHIP

Navy League Corporate Members enjoy a truly distinct relationship with the maritime services. As the only civilian organization that directly supports all four U.S. Sea Services, Navy League enjoys a very favorable reputation among DoD and DHS high-level decision makers, as well as leaders on Capitol Hill. These relationships enable the Navy League to call upon its friends in the defense world to provide speakers and participants for its events.

The Corporate Membership program is structured to help industry maintain a strategic position in front of key military, civilian defense, and homeland security decision makers. From Washington, DC programs to local events with our Councils nationwide, the Navy League can help enhance your company's brand and patriotic reputation among industry and military leaders alike.

The Navy League's Corporate Membership Program is designed to provide three main benefits to our industry partners:

- **Increased visibility** among top-level decision-makers in the defense community;
- **Networking** with other industry leaders; and,
- **Opportunities** to demonstrate their company's **patriotism and support** of the U.S. Sea Services at a national level.

Corporate support is critical to our efforts of ensuring that the continuing needs of the men, women and families of the Sea Services are met. Annual membership dues range from \$1,600 to \$14,000 annually; our tiered membership program is designed to deliver value to your company while taking into consideration its size and needs. Based upon your level of membership, you will receive a certain number of staff membership slots. Your staff can then be assigned to any of the 280 local councils worldwide where they can become involved in community activities to support the sea services. Local activities would include: the Navy League Hiring Center, port welcomes and ship/station adoptions, awards for exceptional service to active duty and reserve personnel, scholarships and youth programs, as well as educational seminars for Navy League members and citizens.

Corporate Membership advantages are realized through various avenues provided by the Navy League, including: the annual Sea-Air-Space Exposition, the Special Topic Breakfast Series, the monthly publication of *Seapower*, and the influences that the Navy League has in the governmental arenas.

SEA POWER MAGAZINE

Seapower magazine and its *Almanac* issue are the official publications of the Navy League of the United States. *Seapower* is the only audited monthly magazine that focuses exclusively on the nation's maritime defense news. The magazine's articles cover a wide range of topics including national defense, foreign policy, naval affairs, maritime issues, homeland security and defense research, development and procurement.

Each issue's editorial content is geared toward updating sea service personnel, procurement specialists, executives in the defense industry, and decision-makers on Capitol Hill. It also provides a forum for senior sea service leaders to express their views on various topics of concern.

Special advertising perks, ranging from discounts to free ads depending on your membership level, are also included in your corporate benefit package. When you advertise in *Seapower* magazine, you gain exposure to the top leaders in the defense industry.

NATIONAL TRIBUTE DINNER

In the fall, the Navy League hosts its annual National Tribute Dinner to formally thank our corporate members and volunteers for their year-round generosity and selfless patriotism. At the dinner, you will be able to build relationships with senior military and civilian leadership from DOD and Homeland Security, Navy and Marine Corps Medal of Honor recipients, members of Congress, and industry representatives from across all business sectors. Navy League sponsors will receive special recognition at the dinner.

SPECIAL TOPIC BREAKFAST SERIES

These member-only events are designed to provide Corporate Members with up-to-the-minute information on acquisition, requirement programs, and events that matter to the defense community, all while in a not-for-attribution forum. This event will give you the opportunity to meet with important speakers and discuss issues involving government capability requirements and acquisition resources. Held several times each year in Washington, DC, these Special Topic Breakfasts usually run from 7:30 a.m. until 9:00 a.m., so that our members can get the information they need without disrupting the workday. Some of last year's speakers included:

- Sean Connaughton, U.S. Maritime Administrator
- Dr. Delores M. Etter, Assistant Secretary of the Navy
- VADM Lewis W. Crenshaw, Jr. Deputy Chief of Naval Operations, Integration of Capabilities and Resources (N8)

COUNCILS

With nearly 300 councils worldwide, the Navy League offers its members the opportunity to become personally involved and to support the sea services in their local communities. Councils provide the grassroots strength that enables the Navy League to offer broad support through monthly local activities, including: ship commissionings and ship/station adoptions, awards to active duty personnel for exceptional service, scholarships and youth programs, as well as educational seminars for Navy League members and local citizens.

EXECUTIVE FORUMS

Held quarterly in various cities throughout the U.S., these forums serve as an extremely effective means of interpersonal communication between you and senior-level maritime service leaders.
